

2024 CAW Climate Summit Program

Thursday, July 18th

8:30am	Welcome and Program Introduction
9:00am	Keynote Address <i>Kate O'Brien</i>
10:00am	Break
SESSION 1: ADVANCE KNOWLEDGE AND THE FIELD <i>Short-and-Sweet Presentations featuring research and learnings from recent studies and work in New Hampshire's coastal communities</i>	
10:30am	Groundwater Modeling and Mapping in New Hampshire's Coastal Zone with a Vulnerability Assessment in Portsmouth, NH <i>Jayne Knott</i>
10:45am	Meadow Pond Neighborhood Flood Water Quality Sampling: A Collaborative Approach to Addressing Coastal Hazards <i>Aidan Barry & Tom Bassett</i>
11:00am	Expanding the Seabrook-Hampton Coastal Resilience Toolbox: The Economy and Flood Vulnerability for Hampton, Hampton Falls, & Seabrook, NH <i>Jay Diener & Rayann Dionne</i>
11:15am	Municipal Land Conservation Planning for Flood Resilience in New Hampshire's Coastal Watershed <i>Michal Zahorik</i>
11:30am	Art x Science Panel <i>Jo Field, Billy Karugira & Elise Sullivan</i>
11:45am	CAW Community Champion Award Presentations
12:00pm	Lunch
1:00pm	Pop-up Session: Attendees are invited to briefly share recent accomplishments, project updates, new ideas, and upcoming opportunities, or pose a question to the adaptation practitioners and community leaders present.
SESSION 2: CATALYZE PRINCIPLED CLIMATE ADAPTATION <i>Short-and-Sweet Presentations about projects sparking meaningful progress toward healthy and vibrant ecosystems and communities.</i>	
1:15pm	Historic Preservation Meets Resilience: Finding the Balance <i>Rodney Rowland</i>
1:30pm	Rising Seas and Rising to the Opportunity on Cape Ann: From Living Seawalls at Marine Stations to Floodable Coastal Parks with Working Waterfronts <i>Alex Maxwell & Chelsea Zakas</i>
1:45pm	Recording New Hampshire's Vulnerable Coastal Indigenous Heritage <i>Meghan Howey & Paul Pouliot (Sag8mo) and Denise Pouliot (Sag8moskwa)</i>
2:00pm	Historical Use Revealed by Salt Marsh Impairments Informs New Restoration Approaches <i>David Burdick</i>
2:15pm	Break
SESSION 3: EVOLVE OUR PRACTICE <i>Stories from practitioners leading equitable climate adaptation, followed by a facilitated panel discussion about paradoxical challenges and emerging possibilities they encounter in this work.</i>	
2:45pm	The Tide is Rising & So Are We: Choosing Hope in Hard Times <i>Julie Wormser</i> A Framework for Flood Ready Neighborhoods: How We Are Unlearning Everything We Thought We Knew About Providing Technical Assistance <i>Alyson Eberhardt & Kirsten Howard</i> Updating New Hampshire's Coastal Flood Risk Science and Guidance <i>Jennifer Gilbert & Lisa Wise</i>
3:45pm	Closing Remarks, Cory Riley
4:00pm	Adjourn
