You are Invited!

Water, Weather, Climate and Community Workshop IV: Climate Change in the Piscataqua/Great Bay Region: Past, Present, and Future

Thursday March 29, 2012 from 5 - 8:00 PM

Hugh Gregg Coastal Conservation Center at the Great Bay Discovery Center At Sandy Point in Greenland, N.H. **Directions:** http://www.greatbay.org/about/facilities.htm

Please join us in the fourth of a series of community conversations about climate and community preparedness for severe weather events. This workshop is designed for coastal community volunteer board, committee, and municipal staff members interested in land use, infrastructure, emergency management and planning. Community organizations, business owners and residents are welcome.

RSVP by March 23, 2012 to Steve.Miller@wildlife.nh.gov

There is no charge for the workshop, but space is limited. A light dinner will be served. To RSVP include your name, affiliation, and contact information.

Draft Agenda

5:00 Registration, networking and light dinner

- 5:30 Welcome and introductions
- 5:40 Presentation: Climate Change in the Piscataqua/Great Bay Region: Past, Present, and Future Dr. Cameron Wake
- 6:20 Questions and Discussion of the Report
- 6:45 Break
- 7:00 What this mean for your town
- 7:30 Update on NH adaptation action
- 7:50 Evaluation
- 8:00 Adjourn

What to Expect

- Meet other community leaders facing severe weather and climate challenges
- Learn about how our climate has changed from the past and how it is predicted to change into the future
- Discuss what these climate changes mean for NH communities
- Learn about on-going activity and projects that are helping NH communities adapt to climate change
- Share your ideas about what can help NH communities prepare
- Brainstorm how to get this information back to your town
