

Does the information you just heard reflect what you are experiencing in your community?

How many of you feel you could talk to your selectboard/planning board?

Have you? When?

How did it go?

Other Community Members or Family?

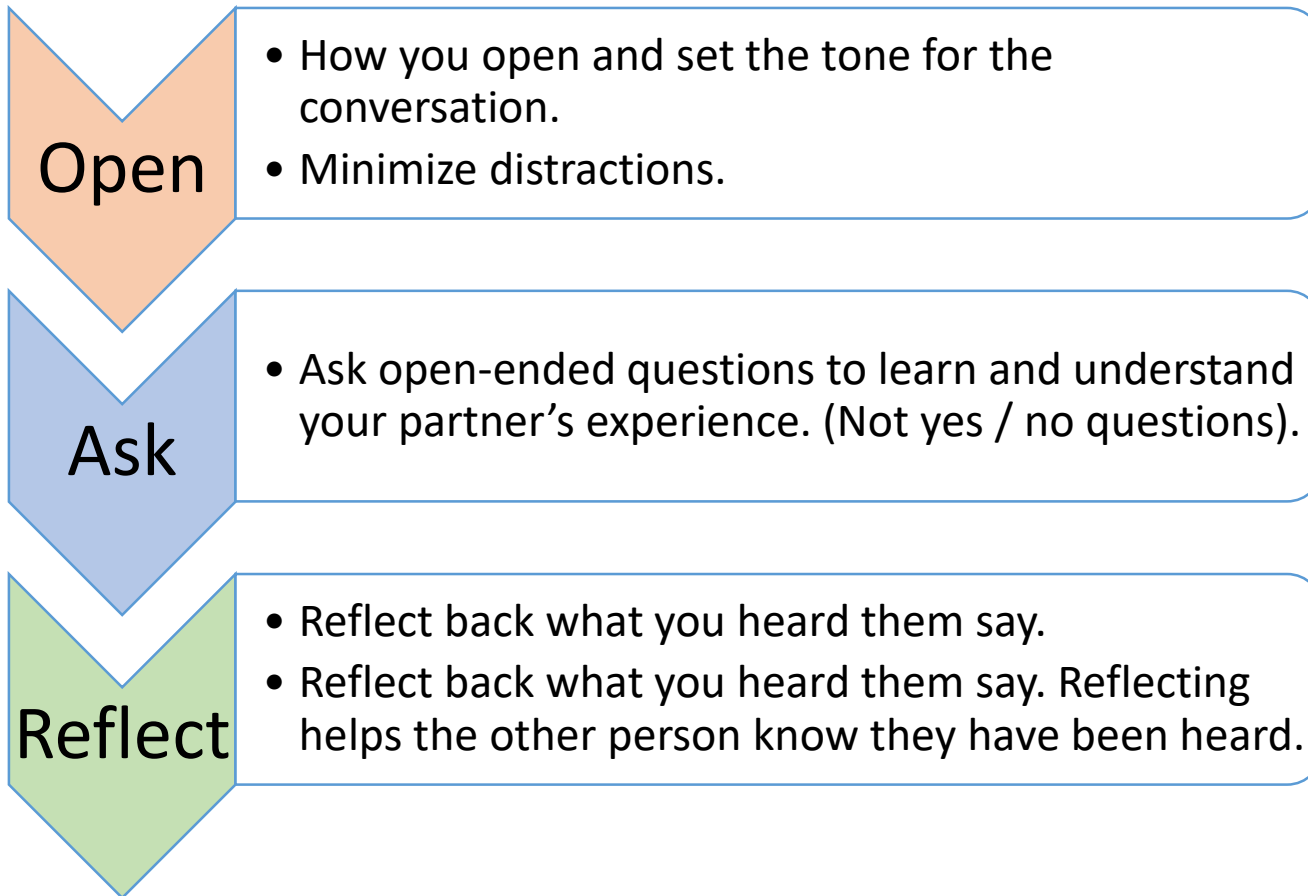

How many people have spoken up at a public meeting?

Video ***“The Secret to Talking about Climate Change”***

# How to have a productive discussion

## Tell

- Ask if you can tell something you're feeling or are thinking about. Keep it brief.

## Ask

- Ask what they think about what you've said, other open-ended questions to learn more about them.

## Close

- Close out the conversation in a respectful way that hopefully leaves them open to having more conversations.

# Barriers

Real

Perceived
