THE GREAT BAY
LIVING SHORELINE PROJECT

WORKSHOP: DESIGNING LIVING SHORELINES FOR GREAT BAY

This virtual workshop is the culmination of facilitated design processes for living shorelines that involved design professionals, UNH researchers, & staff from several agencies.

This workshop will:

- Introduce living shoreline approaches that are suitable for Great Bay, including engineering, planting, and permitting considerations.
- Present suggested designs for four properties that illustrate how living shoreline technique can address diverse goals and site conditions.
 - Generate momentum to advance living shoreline approaches in New Hampshire.

When: April 8, 2022, from 9am to 12pm.

Where: on Zoom.

Registration: Complete this [registration form](#). You will be emailed a Zoom invitation along with other workshop materials.

Contact: Email Lynn Vaccaro – Lynn.E.Vaccaro@wildlife.nh.gov
